

Let Her Go

Birdy

Staring at the bottom of your glass
Hoping one day you'll make a dream last
But dreams come slow and they go so fast

You see him as you close your eyes
Maybe one day you'll understand why
Everything you touch oh it dies

You only need the light when it's burning low
You only need the sun when it starts to snow
Only know you love him when you let him go

Staring at the ceiling in the dark
Same old empty feeling in your heart
'Cause love comes slow and it goes so fast

And you see him as you fall asleep
Never to touch, never to keep
'Cause you loved him too much
But you dived too deep

And you only need the light when it's burning low
You only need the sun when it starts to snow
You only know you love him when you let him go

Only know you've been high when you're feeling low
You only hate the road when you're missin' home
You only know you love him when you let him go

And you let him go
And you let him go
And you let him go
And you let him go

You only need the light when it's burning low
You only need the sun when it starts to snow
You only know you love him when you let him go

Only know you've been high when you're feeling low
You only hate the road when you're missin' home
You only know you love him when you let him go

And you let him go
