

Make Things Happen

Birth of Joy

I ask you
To come along
To make things happen, happen
Now you know what I want
You gotta get it to me
You gotta make things happen, happen
Oh Yeah!
You know what we want!
We want you
To forget
Your (?) number safety judgment
Ha you know what I want
You gotta get it to me
You gotta make things happen, make things happen
Oh Yeah!
You know what we want!
We're gonna make things happen, gonna make things happen
Oh Yeah!
You know what we want!
