

## I Get Along

Bishop Allen

I better get to packing  
It's time to leave again  
And I'll send you a postcard  
Of everywhere I've been

It's what I got out of hand  
(I get along!)  
I carry what I can  
(I get along!)  
I hope you understand  
(I get along!)

On this old, blessed highway  
And way across that sea  
I'll keep the correspondence  
You'll always hear from me

It's what I got out of hand  
(I get along!)  
I carry what I can  
(I get along!)  
I hope you understand  
(I get along!)

I get along!  
I get along!  
I get along! I get along!  
It's what I got out of hand  
I get along! I get along!  
I carry what I can  
I get along! I get along!  
I hope you understand  
I get along! I get along!  
I get along! I get along!  
I, I get along! I get along!  
I get along!  
I get along!
