God forbid I'm
God forbid I'm
Bad

I don't waste time living the way that I used to
I don't waste time thinking the way that you do
I still get mine anyway that I want to
I still get mine when I'm not hiding the truth

Oh brother, stealing what you want to
Oh brother, thinking the world was made for you
I could play nice and just fall into line
But you won't give me the time

God forbid I'm
God forbid I'm
Bad
Bad
Bad
God forbid I'm
God forbid I'm
Bad
Bad
Bad
God forbid I'm
God forbid I'm

It's been a hard road for the people you don't know
It's been a hard road looking up to the throne
Oh brother, eyeing what you want to
Oh brother, thinking the world was made for you
I could play nice and just fall into line
But you won't give me the time

God forbid I'm
God forbid I'm
Bad

God forbid I'm
God forbid I'm

God forbid I'm
God forbid I'm

God forbid I'm
