

Cherry on Top

Bishop Briggs

Can't say it out loud cuz the second I do makes it true
Started hating myself as soon as I started falling out of love with you

I swore I finally did it found the one but you were in it
Swore I was committed guess I'm really fucking in it now

Ooo there I go, there I go, there I go again

I got both my hands around my neck
Gave my heart away and signed the check
(Didn't know that it was counterfeit)
Fooled everybody all my family and friends
Everyone around me getting hurt in the end
Cherry on top is, on top is
I believed it too

I don't the why cuz my hand your holding ain't supposed to be open
So mad at my mind but I keep on hoping to fix what is broken

Ooo there I go, there I go, there I go again
Ooo there I go, there I go, there I go again

I got both my hands around my neck
Gave my heart away and signed the check
(Didn't know that it was counterfeit)
Fooled everybody all my family and friends
Everyone around me getting hurt in the end
Cherry on top is, on top is

I believed it too
I believed it too
I believed it

Ooo there I go, there I go, there I go again
Ooo there I go, there I go, there I go again

I got both my hands around my neck
Gave my heart away and signed the check
(Didn't know that it was counterfeit)
Fooled everybody all my family and friends
Everyone around me getting hurt in the end
Cherry on top is, on top is

I believed it too
I believed it too

I believed me too
