

Got me lyin', lyin' for your love  
Got me lyin', lyin' for your love  
Am I losing, losing myself  
When I'm lyin', lyin' for your love?

I was in chains, I was in fire  
I was in deep, I was a liar  
Dyin', dyin' for your love  
I was insane, I was so blinded  
Nothing remains, I didn't mind it  
Lyin', lyin' for your love  
For your love  
(For your love, for your love, for your love...)

In the silence, silence we drown  
Sometimes violence, she makes no sound  
Just a shadow in the darkness  
And the darkness devours  
In the silence, silence

I was in chains, I was in fire  
I was in deep, I was a liar  
Dyin', dyin' for your love (for your love, for your love)  
I was insane, I was so blinded  
Nothing remains, I didn't mind it  
Lyin', lyin' for your love  
For your love  
(For your love, for your love, for your love...)

Oh oh oh  
Oh oh oh oh  
Oh oh oh

I was in chains, I was in fire  
I was in deep, I was a liar  
Dyin', dyin' for your love (for your love)  
Oh, I was insane, I was so blinded  
Nothing remains, I didn't mind it  
Lyin', lyin' for your love  
For your love  
(For your love, for your love, for your love...)
