

# Anything

Bishop Lamont

[Intro]:

Butterfly in the sky  
I can go twice as high  
Take a look it's in a book  
A Reading Rainbow  
I can go anywhere  
Friends to know and ways to grow  
A Reading Rainbow

[Chorus]:

I can go anywhere  
I can go anywhere  
I can go anywhere  
I can go anywhere

[Verse One]:

I remember growin' up  
Class room tore up  
Teachers didn't care so I didn't care to show up  
Sittin' in math class, lookin' at that ass  
Highly infatuated, no wonder I never pass  
Lunchtime come gotta run kick a phat rhyme  
In the cafeteria, kick a beat, I'm gon' shine

Thinkin' back that's the only time I used my mind  
f\*ck school I was cool than a motherf\*cker  
Till that report card came with all them F's on it  
My momma beat my ass  
Used to hang with the jock kids  
Hang with the goth kids  
Smoke with the gangstas, but I was in showbiz  
Every Source that come out, I put it on my wall  
Fugees dropped The Score, all I banged was Fugee-La  
This is for them teachers that said I couldn't do it  
Look bitch I'm rich on tour off of music
