

Rainbows

Biskwiq

Hey, hey, hey, hey, hey
Hey, hey, hey, hey, hey

If you didn't feel no rain (no rain)
Then we wouldn't get no rain-bows
And if you didn't feel that way (that way)
Then we'd all be the same, no
And if you didn't feel no rain (no rain)
Then we wouldn't get no rain-bows
And if you didn't feel that way (that way)
Then we'd all be the same, no

The rain make you so cold (so cold)
But if it never rained, and you never got cold
And the stories that you got would have never been told
Woulda never been brought
Woulda never been bold
Thy soul (thy soul)
Everything I have for the dream
The only thing I got; the word for cuisine
And you'll be lookin' mean in that roof
Look at me
I got blue raindrops from the air to my feet

If you didn't feel no rain (no rain)
Then we wouldn't get no rain-bows
And if you didn't feel that way (that way)
Then we'd all be the same, no
And if you didn't feel no rain (no rain)
Then we wouldn't get no rain-bows
And if you didn't feel that way (that way)
Then we'd all be the same, ya ya ya yaa yaa

Ain't nobody wanna be the sa-me
But ain't nobody wanna miss on fa-me
So basically they are all the sa-me
And that's why I'm forgetting all your na-mes
Ay, you don't have to worry bout nothing, no
You don't have to worry bout nothing, no oo oo
You don't have to worry bout nothing, no, aye
So let the rain fall

If you didn't feel no rain (no rain)
Then we wouldn't get no rain-bows
And if you didn't feel that way (that way)
Then we'd all be the same, no
And if you didn't feel no rain (no rain)
Then we wouldn't get no rain-bows
And if you didn't feel that way (that way)
Then we'd all be the same, no
