

# All About You

Bizzle

Said it's all about you  
Ooh, ooh ooh  
You  
You you

People asking me what's come over me  
I tell 'em God is good you should come and see  
And when I'm feeling down He's my up n' d  
He picked me off the ground placed His love in me  
Got me loving on His folk  
Feeling like I'm on a role  
Get up and get out and let them know  
Could not do it on my own  
I been around  
I did see so many of us trying to figure out  
When did we come from Him  
What this life is all about  
Where we go from here but when you crack them clouds  
There will be no more tears  
No more death no more pain yeah  
No more fears no more sin no more hate yeah  
No hate

I been on a mission for the lost yeah  
I got my 9 I put the devil in my crosshair  
I got it chirping I put work in for the Boss yeah  
I'm on my job and they could never take me off yeah

With Jesus in my life  
I feel so alive  
Let everything I do  
Be all about you  
My everything

Let every step  
Be all about you  
Nobody but you

He knows my name  
He knows my name  
I read His Word  
That's what it say  
That's what it say  
He's coming could be any day now  
On any day  
I really feel He's on His way now  
He's on His way  
Until then we pray  
I was living on a go  
Trying to get it on my own  
I was wrong for now I know  
I just can't keep it on the low  
And I ain't trying  
He didn't keep His love no secret  
Why would I  
You know what they say  
He's always right on time

Yea He is  
Can nobody do it better than  
I can attest my life was a wreck  
Keeping with Him ever since  
Knife in the flesh  
Ima ride to the death  
Ima die peddling  
Word of life like medicine

I been meditating on the Lord yeah  
He got me open  
I got hope in Him for sure yeah  
I got my armour I got my helmet and my sword yeah  
And may I never forget that this is war yeah

With Jesus in my life  
I feel so alive  
Let everything I do  
Be all about you  
My everything

Let every step  
Be all about you  
Nobody but you

Oh yeah  
Ooh, ooh yeah  
It's all about
