

myspace.com/playbizzle  
Haha, yeah, it's time for promo now  
Get at me on twitter.com/  
Mynameisbizzle, shout-out time:  
Shout-out to An', Sac', shout to the E-block  
Town, street, meal ticket, ENT now  
Shout to the real, still LAV now  
Young, Fly, Saved 'cause He lives in me now  
And H-town 'cause that's where I be now (Yeah, let's go)

Bizzle is my name, and, yes, I'm a Christian (Yeah, ayy)  
Wear it on my chest like a vest to a christening (Let's go)  
Rep for the West like the best ever did it (Pac)  
Flow fresh like Crest, nothing less than the business (Ayy)  
Still, I'm on a quest, though they question my mission (Huh)  
They feel I'm in it just for a check, but I'm different (Nah)  
Some say I'm next, but I just put my bid in  
So I ain't even tripping, I'm blessed that you're listening (Yes)

Money don't make me, hate won't bake me  
Though the real feel me, the fake can't take me (Ha)  
Ain't the flow crazy? And I don't cuss (Yeah)  
But I still bust like a Tre-8 with no safety (Bow!)  
Noted with the Word, so I slip it into lines  
And you still gon' listen 'cause I'm gifted with the rhyme  
Take the props that you give me and I'll lift it up to God  
'Cause, without Him, I am nothing, so it really isn't mine  
He is vision to the blind, life to the dead (Yes, ayy)  
Light to the darkness that guides every step (Yeah, yeah)  
The one that gets blamed for the bad stuff  
When it's all gone, but you never said thanks when you had stuff (Huh)

How you look at the Lord, upset that you're lost  
When you wasn't following His directions at all? (Nah)  
You took your own way, see where your own way got you? (See?)  
A long stay, a long way from home base, partner? (I mean)  
You prolly ain't done nothing I ain't did  
But God said where I would'a been if I ain't quit  
But don't none of that matter, dog, Christ forgives  
So it ain't never too late to start life again (No)  
Prayer ignites my pen when I write every song (Yeah, ayy)  
Though a lot of y'all might not like what I'm on  
I am never gon' tell you you're right when you're wrong  
'Cause I'm nothing like a yes-man, I'm something like your best friend
