

## Better With You

Bizzle

Yes Yeshua  
You do it better  
I want nobody, but you forever  
You said you would not leave me, never  
Took me awhile to see that I'm better with you

Came from a bad bag on a wood floor  
Where you can get your head cracked if you stood close (wow)  
With the bad pa  
And a good pro  
Rap strong, dribble that ball or you push dope (ahhh)  
But I know another way for the hood to go (go)  
Two roads and wrong one is full of folk  
Telling you the right one is whack, but it's full of hope (Christ)  
And I done been down both Lord knows I

I got a...  
New thing now  
New thing now  
New thing now  
New thing now  
You saved me  
Gave me a whole new swag  
The old me gone, and I won't look back  
I got a...  
New thing now  
New thing now  
New thing now  
New thing now  
Cause I'm off that (off that)  
Lead em' back to where the cross at (I'm on that)  
Send me Lord

Yes Yeshua  
You do it better  
I want nobody, but you forever  
You said you would not leave me, never  
Took me awhile to see that I'm better with you

Keep me (Keep me)  
I try to do this on my own  
But I'm better with you  
Keep me (Keep me)  
I know you'll never leave me alone  
You'll never leave me alone

Oh Heavenly Father  
If ever you met a fellow with a head any harder  
Either headed for death or definitely felony charges  
Could have left him but instead you went and set em' in charge  
Your GOM regardless  
Whether he be headed in death as a martyr  
Or legend with celebrity stardom  
Its whatever, I'm all in  
Whatever the play I'll run it by your grace  
I'ma stay 100, I'm so new

I got a...
