

Uh  
Got me out the sewer (sewer)  
Woke me out the stupor (stupor)  
Thats when I learned all I was persuing was manure  
I was looking up to a (yuh)  
Gang of rap peddlers  
Dispread it but could never measure up to the ruler (yah)  
Bible on deck (yuh)  
Praise on a hun'ed  
Digest tracks like its razor blades in my stomach  
Yelling God over money (yuh)  
I'm saved and I love it  
Trying to shake the temptations like my name David Ruffin (woo)  
Tried that without him (out him)  
Hit rock bottem  
Now I gottem and He spared me like Lot out of Sodom  
Locking on these devils like  
Rottweilers on piranhas  
Anybody got a problem they can holler at my Father  
While I'm whipping through the city  
Truth music on blast mode  
Children of the light, get your life or get flashed on  
Know that Christ keepin eyes on me like a chaperone  
Snatch souls, til its two hundred when I pass go (aye)

God over money  
Boy you know how I roll (aye)  
Ask me how I did it I say "With my eyes closed" (aye)  
They that God is good and my reply is "I know" (aye)
