

# I Need You

Bizzle

Oh-oh-woah-oh  
(I need You) Oh, I need You bad  
Let's go, Davis  
Oh-oh

I wonder if You count my apologies (Uh)  
If I ain't hit the limit yet, I gotta be  
As close to it as I could be, hopefully You guidin' me  
Otherwise, I feel like it's no proof You inside of me  
My downs been stronger than my ups lately (Ups lately)  
My doubts been stronger than my trust lately  
I speak faith with my lips and face  
But I move like just in case, don't know what's up lately (Man)  
I just wanna lift Yah's Name  
But I feel like I was better when I just got saved (Real talk)  
And tryna pitch God in His hip-hop lanes  
Like tryna pitch Pop, it isn't it, not rage (Uh)  
I be feelin' like I ain't makin' a difference (Difference)  
Like lately I been in it just makin' a livin'  
I said I'd ride 'til the wheel's blew (Wheel's blew)  
But I just wanna feel You

I wish I could love You better  
I hope You know I care  
Show me the way, Father  
Say You'll always be there  
I need You in my life (I need You)  
I just pray You grace abides for me (Abides in me, oh)

Uh, Lord, You are so faithful (Faithful)  
Thank You for doin' what I can't do (What I can't do)  
I wish I could love You the same way You love me  
I hate that I can't, but I aim to (Pssh)  
Time zone, know why You deal with me (Uh)  
Swervin' off the road, but You still wit' me (Uh)  
You keep it unconditionally real with me (Uh)  
But lately, my condition is real iffy (Real talk)  
I've been a wreck, Father  
You love me like a son, I love You like a stepfather  
I stepped out of Your will and ended up back where You stepped, Father  
Like a prodigal when all I could do is my best, Father  
I'm tryin' (Tryin'), but if I say I gave You my best, I'd be lyin' (Lyin')  
Play too many games with the flesh 'stead of dyin' (Yeah)  
Play with the fire and can't take heat  
Why is it that when I should pray most, I pray least?

I wish I could love You better  
I hope You know I care  
Show me the way, Father  
Say You'll always be there  
I need You in my life (I need You)  
I just pray You grace abides for me (Abides in me, oh)  
I wish I could love You better  
I hope You know I care  
Show me the way, Father  
Say You'll always be there  
'Cause I need You in my life, oh (I need You)

I just pray You grace abides for me, me, yeah (Abides in me, oh)

I need You

(Guess I want that) I need You

(You with me)

Abides in me, oh

Let's go, Davis
