

Like You

Bizzle

C-life on the beat

Can't nobody do it like you (you)
You the life, way, and the Truth (truth)
You can make a man brand new (new)
Many in the world claim (too)
But I say that they can't do it like you

One time for the most high
Know that God good homie don't lie
Seen rough days homie cold nights
Some days thought about taking my own life
Lost my way I was so blind
My God came, he was on time
Pull up (skrt) on time
Look up (skrt) on my own life
Fell and hit the floor for a minute but I'm back now
Made it through the storm and they don't know how to act now
Said it was a war that I signed up for
And I'm a lot more sure of that now
Try to run another man's race get depleted
Never really understand grace until you need it
Cause only one man ever stayed undefeated (Jesus)

Can't nobody do it like you (you)
You the life, way, and the Truth (truth)
You can make a man brand new (new)
Many in the world claim (too)
But I say that they can't do it like you (God)
Can't nobody do it like you (you)
You the life, way, and the Truth (truth)
You can make a man brand new (new)
Many in the world claim (too)
But I say that they can't do it like you (There's nobody like you Lord)
Can't nobody do it like you Lord
They can't do it like you

It ain't a game out here so I'm prayed up (prayed up)
Tryin' to get my young boys trained up (trained up)
I know it's getting hard for some just to wake up
Tryin' to lean harder on the Son when the rain come
Can't keep fallin' fo the okee
Same scene got me in a chokee
When I feel depressed and lonely
I can't use lust to console me
Step to the left and it's death to the old me
Pour a little sip out for the dead homie (ahh)
No slide backs on a low key (ooh)
Holy ghost [?] not on me
Lord I lift your name with my hands up
If I fall they can't get me back up
When life goes crazy I know the answer

Can't nobody do it like you (you)
You the life, way, and the Truth (truth)
You can make a man brand new (new)
Many in the world claim (too)

But I say that they can't do it like you (God)
Can't nobody do it like you (you)
You the life, way, and the Truth (truth)
You can make a man brand new (new)
Many in the world claim (too)
But I say that they can't do it like you (There's nobody like you Lord)
Can't nobody do it like you Lord
They can't do it like
