

Losing It

Bizzle

I've been holding inside all day
I'm fighting this enemy tryna block my praise
And I feel like I'm losing it (Feel like I'm losing it)
Sometimes, I feel like I'm losing it (I feel like I'm losing it
)
And I'm tired of tryna hide the pain
Like everything is fine and I'm just okay
But I feel like I'm losing it (I feel like I'm losing it)
Sometimes, I feel like I'm losing it (Sometimes, it feels like
I'm losing it, uh)

Lord, I'm only tryna do what You told me (Told me)
But they tryna turn me to the old me (Old me)
This pressure is a whole lot on me
And I'm finna fold if Your grace don't hold me (Hold me)
I thought the church folks would console me ('Sole me)
I reached for a hug and they stoned me (Stoned me)
It took real Christians to hold me
When affliction from the hypocrites coulda broke me

I've been holding inside all day
I'm fighting this enemy tryna block my praise
And I feel like I'm losing it (Feel like I'm losing it)
Sometimes, I feel like I'm losing it (I feel like I'm losing it
)
And I'm tired of tryna hide the pain
Like everything is fine and I'm just okay
But I feel like I'm losing it (I feel like I'm losing it)
Sometimes, I feel like I'm losing it (Sometimes, it feels like
I'm losing it, uh)

Father, just when I felt I was so alone
Like ain't nobody understands what was going on
The thin line between letting go and holding on
Then You gave me some brethren to help me take the stoning on
Shout-out to Preach Dat Fire, shout-out to Big Vick
Shout-out to [?], shout-out to Gifted
Shout-out to A', Omega, what up, Lavoisier?
Sevin, you know what it is, HOG MOBing, yeah!

I've been holding inside all day
I'm fighting this enemy tryna block my praise
And I feel like I'm losing it (Feel like I'm losing it)
Sometimes, I feel like I'm losing it (I feel like I'm losing it
)
And I'm tired of tryna hide the pain
Like everything is fine and I'm just okay
But I feel like I'm losing it (I feel like I'm losing it)

Sometimes, I feel like I'm losing it (Sometimes, it feels like
I'm losing it, uh)
