

Primo

Bizzle

(C-Lite on the beat boy)

We be GOMers baby
Truly unashamed
You can tell it in the way we
Do it for the King
I know they gonna think we crazy
Do it anyway
Every night and every day we
Lift up His name
Know they hate the way we
Hate that we so wavy
I know Jesus save me
We live and die daily
No matter what you been doin'
You done if you come in His hall of safety
If you come up under the Son you are one of us
You ain't alone you can't be

You're not alone now
You don't have to go through anything on your own now
Welcome to the family
This is the Kingdom
If you know someone in need of Jesus, then bring 'em
We see who we like (Primo)
My Father's will be done (Primo)
Welcome to the family (Primo)
If you know my Father's will (Primo) then you're family (Primo)
We see who we like (Primo)

Puerto Rico, Dominica, Cuba, Argentina, Mexico
Brasil, Belize, Peru, Columbia
We got family everywhere we go
We takin' over the globe now
We together when it goes down
If in need and I'm broke down
I can just pick up the phone now

Mexican, Yes, I feel blessin'
[?] to Heaven so call me your jefa
It's something like Bethlehem
The angels protect the land
Praise the Creator 'cause he put the breath in man
He ain't trippin' on my imperfections (nah)
He still love me with my skin complexion
His reflection
Under His protection
He gon' fix depression and your sick infection
Me and mine praying at the intersection
Everywhere we go it's intersession
Ain't no misperception or no misdirection
No disconnection or no wrong intention
KMF GOM it's all day
KMF GOM we all say
Tell my primo
Free my people
Live a life with Christ

And defeat all Evil y'all

You're not alone now
You don't have to go through anything on your own now
Welcome to the family
This is the Kingdom
If you know someone in need of Jesus, then bring 'em
We see who we like (Primo)
My Father's will be done (Primo)
Welcome to the family (Primo)
If you know my Father's will (Primo) then you're family (Primo)
We see who we like (Primo)
Welcome to the family (Primo)
If you know my Father's will (Primo) then you're family (Primo)

God Over Money, Kingdom Music
We ain't movin (ay)
Keep pursuing Jesus through it
Even if it seems that you would be a loser (ay)
Soon you'll see what He can do with faith
We are family regardless of your race
Children of the Father we are made
In the image of God regardless of your face
His Blood connected all our DNA (Let's Go)

You're not alone now
You don't have to go through anything on your own now
Welcome to the family
This is the Kingdom
If you know someone in need of Jesus, then bring 'em
We see who we like (Primo)
My Father's will be done (Primo)
Welcome to the family (Primo)
If you know my Father's will (Primo) then you're family (Primo)
We see who we like (Primo)
Welcome to the family (Primo)
