

Ride Out

Bizzle

(B-b-b-b-b-eans and c-c-c-c-c-c-c-ornbread)
Yeah, Its Bizzle
Alright let's change it up real quick
Eh-ayyy

My boss, he told me go on an ride out
But they gone hate you like they hated me
And don't you let no wolf in my house
I'm coming back one day just wait on me
We the ones keeping them alive
Until we meet up in the sky and that's all He wrote
Preaching the kingdom of God feeding the flock
Keeping it God all we know
We finna go, we finna go, we finna go
Hard 'til He call us home
Reaching the people of God teaching 'em
How He came for the fallen folk
Christ on the mainline I call Him
When it all seem hopeless
Battle in the mind I don't want to die this time
But I can't lose focus
He said it and I believe it, and I walk like I know it
We say that all the time
"It's time to show it" come on!

Don't talk about it be about it
Jesus my lifestyle
Child of the king get yours don't leave without it
Jesus my lifestyle
Seek the kingdom when you needing guidance
Jesus my lifestyle
Put your faith in Jesus the Messiah
Jesus my lifestyle

We know Him
And what we do, (we do) Ride-Out
We know Him
And what we do, (we do) Ride-Out
We know Him
And what we do, (we do) Ride-Out
We know Him
And what we do, (we do) Ride-Out

They say you rep too loud boy why don't you pipe down
It's too bad 'fore I do that I put this mic down
You deny me I deny you what Yeshua say
In that fire they going try you but don't lose your faith
Try to keep me down, no sir I'm on my way up
I know you see me now, if not okay, I'll wait up
They tried to kick me out, they way too late we in here
Putting God Over Money, that's the way we live here
(Eh!)
And you can't ignore it homie, we informed and [?]
We keep it going all day
Out here reaching folk with that peace and hope
Whatever Jesus spoke we obey
Some will call us crazy, if so I'll be that

But I know the Lord's amazing
Just pray y'all see that

If ya talk about it be about it
Jesus my lifestyle
Child of the king get yours don't leave without it
Jesus my lifestyle
Seek the kingdom when you needing guidance
Jesus my lifestyle
Put your faith in Jesus the Messiah
Jesus my lifestyle

We know Him
And what we do, (we do) Ride-Out
We know Him
And what we do, (we do) Ride-Out
We know Him
And what we do, (we do) Ride-Out
We know Him
And what we do, (we do) Ride-Out

If ya talk about it be about it
