

Waiting on You

Bizzle

That's when I found out
That praying was the easy part
It's like
When you got to wait
For something to happen
Waiting for an answer

And when I'm through
Shooting through the roof
Till you say go
That's what I'm gon' do
I'll be waiting on you you you you you (you you)
Waiting on you you you you you
Waiting on God that's all that I can do
I came too far to make a dummy move
So I'm waiting on you you you you you (you)
Waiting on you you you you you

I do what I want to they got no say
They just wanna judge but they ain't got no case
If I don't do what they want they say it's the wrong way
But if I know it's you God I will obey
They just wanna take my juice away like I'm OJ
Is it me its competition but I don't race
I'm too busy with the mission at my own pace
Keeping busy with the fishing get your own bait
I can tell they never listen to that no hate
Living water got me sipping like its rose'
If I ever get to drifting you can always
Get me right back
I died to my self and got my life back

And when I'm through
Shooting through the roof
Till you say go
That's what I'm gon' do
I'll be waiting on you you you you you (you you)
Waiting on you you you you you
Waiting on God that's all that I can do
I came too far to make a dummy move
So I'm waiting on you you you you you (you)
Waiting on you you you you you

Uh
I said you can drive I'm just trying to go
I told you to grab the wheel I'm just trying to roll
I know this ride would be a lot smoother if you drive alone
But for some reason I keep reaching as soon as we're on the road
Like you don't get the credit for us being here
And if I ain't get us here how ama keep us here
Like last year you got us through but some how it's on me this year
You get me through the storm
But then I take it when I see it's clear (like all of a sudden I got it)
Lord forgive me for my lack of faith
I know if you took your hand away I probably crush today
I've got the nerve to rush you when you're so patient with me
I know I get it wrong a lot but you staying with me

And when I'm through
Shooting through the roof
Till you say go
That's what I'm gon' do
I'll be waiting on you you you you you (you you)
Waiting on you you you you you
Waiting on God that's all that I can do
I came too far to make a dummy move
So I'm waiting on you you you you you (you)
Waiting on you you you you you
