

WHATCHUDOIN?

Bizzle

Aye whatchu doin
I'm just chillin with my brothers
Aye whatchu doin I'm just chilling with the squad
Aye what chu doin
I'm just chillin with my family
Aye whatchu doin
I'm just chillin with my God
Aye whatchu doin
I'm just chillin with my lady
Aye whatchu doin
I'm just chillin with my dawgs
Aye whatchu doin
I'm just chillin with my queen
Aye whatchu doin
I'm just chillin with my God

I do it for the squad that's factual
If the house is divided that's tyrannical
I ain't fighting with my brothers like is casual
We connected to the vine that's lateral
Aye
This the type of song where you bring the squad together
And just sit around and reminisce about the sunny weather
We ain't gotta listen to the news they always try
To tell you everything that wrong and it ain't ever getting better
If you
Pushin poison this the perfect place to be
We ain't smoking roaches we ain't puffin on the tree
This the type of song that make a demon wanna leave
This is revelation got um praying on they knees
Ya welcome
Coming through with that movement and we don't lack
You're welcome
If the teacher lookin damaged check the car facts
You're welcome
They taking on personas but they not that
You're welcome
Go to war with the opps get it all back
Aye turn the TV off im chill off social media
They turn this beat on and we turn the whole city up
They see the squad how we moving now they wonder whatchu doin
Aye watch think I'm doin

Aye whatchu doin
I'm just chillin with my brothers
Aye whatchu doin I'm just chilling with the squad
Aye what chu doin
I'm just chillin with my family
Aye whatchu doin
I'm just chillin with my God
Aye whatchu doin
I'm just chillin with my lady
Aye whatchu doin
I'm just chillin with my dawgs
Aye whatchu doin
I'm just chillin with my queen
Aye whatchu doin

I'm just chillin with my God

Homie dis G-O
M, we won't
Bend, if we D-O
Then, we go Neo
Shots you send
All end up on piso
No habla Español, dat means the floor

Yeshuah, gon bless him up
He da cheat code
We were messin up
He hit the lower case "t" so
We ain't have to pay dat price
Dats who we look to
Real talk I ain't dat nice
I would'a cooked you
Dats da only way you woulda heard well done
But he's not me, so we get to hear welcome
Tell someone it's well dat hell's done
He won took the test we flunked
And failed none
So what chu doin
Ridin' for the savior
Head to the sky, while I'm slidin' in a scraper
What chu doin'
We tied to the anchor
Vibe major, life resides in the maker
So what chu doin'
The will of god, to give it all
Be willing to quit it, when sin involved
Repent and walk
What we doin'
Gettin sin out the synagogue
Kill it til it isn't a difference in what I live & talk

Aye whatchu doin
I'm just chillin with my brothers
Aye whatchu doin I'm just chilling with the squad
Aye what chu doin
I'm just chillin with my family
Aye whatchu doin
I'm just chillin with my God
Aye whatchu doin
I'm just chillin with my lady
Aye whatchu doin
I'm just chillin with my dawgs
Aye whatchu doin
I'm just chillin with my queen
Aye whatchu doin
I'm just chillin with my God

I'm moving with my day one that's mando
Holy is the ground not a sandal
Used ta tell my momma she had her hands full
Now I gotta different type of peace let the hands go
Boom
Christ walking in the spirit cast a demon out
Now the darkness gotta flee when the team is out
How you trying to run a play when I can read the route
Just double that and give it to the next
He was in and out

So send that holler back
I'm rolling with my queen
Y'all make up be caked up like Halloween
And I will matrix those spears like a Javeline
You hear the beat you can bounce like a trampoline
You're welcome
Aye, I gotta lifer not a fall back
You're welcome
God got a number you should call that
You're welcome
You should be more humble you ain't all that
You're welcome
I was looking through the word it was all facts
Funeral for my past life
All black tux
Keep it upside down
It's just me and my bruv
Since we came out the pound it's just me and my dogs
Now they see us riding round and they asking what you doing

Aye whatchu doin
I'm just chillin with my brothers
Aye whatchu doin I'm just chilling with the squad
Aye what chu doin
I'm just chillin with my family
Aye whatchu doin
I'm just chillin with my God
