

# Doctor Doctor

**Bizzy Bone**

Doctor, doctor, what's going on?  
Can you tell me what's going on?  
Everything keeps going, going, going wrong  
Doctor, doctor, I'm out of time  
And I keep looking for a sign  
I keep getting closer, closer, closer to the other side  
I think I'm running out of time, running out of time  
Looking for a sign, looking for a sign  
Can you tell me what's going on  
Anything's that going on  
Can't seem to tell what's going on, going on, going on

Can you me where I'm going  
Am I going down  
What am I supposed to feel  
Am I having doubts  
Life is not always showing  
Am I safe and sound  
The truth and what is really real  
See I'm living all alone  
Playing solitaire  
But it's kinda hard  
When all the cards ain't there  
And I'm starting to dig  
All the voices inside my head  
Yeah

Doctor, doctor, what's going on?  
Can you tell me what's going on?  
Everything keeps going, going, going wrong  
Doctor, doctor, I'm out of time  
And I keep looking for a sign  
I keep getting closer, closer, closer to the other side  
I think I'm running out of time, running out of time  
Looking for a sign, looking for a sign  
Can you tell me what's going on  
Anything's that going on  
Can't seem to tell what's going on, going on, going on

Seems I am always thinking  
Of many things  
Of how my life used to be  
I'm doubting me  
Before my world started sinking  
I don't wanna drown  
I used to feel so free  
But now my back's against the wall  
Can't see light at all  
Every time I try and play pool  
It takes my ball  
And I don't care about nothing at all  
Yeah

Doctor, doctor, what's going on?  
Can you tell me what's going on?  
Everything keeps going, going, going wrong  
Doctor, doctor, I'm out of time

And I keep looking for a sign  
I keep getting closer, closer, closer to the other side  
I think I'm running out of time, running out of time  
Looking for a sign, looking for a sign  
Can you tell me what's going on  
Anything's that going on  
Can't seem to tell what's going on, going on, going on

Bizzy Bone:

And you're losing your mind  
Trying find out what's going on  
Whole wide world  
Baby get up  
But she's hurt all over  
And you're losing your mind  
Trying find out what's going on  
Whole wide world  
Baby get up  
But she's hurt all over

I don't care about nothing, nothing, nothing

(repeat 8x)
