Bizzy Bone

Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....

See, I went down and dirty and she liked the sucky sucky  
And liked it all in her tummy, and started askin for money  
It was over  
Off to another one, never leave my house without packin a gun  
Jumped in the Benzino, while Nikki was in L.A. smokin primo  
She said no one could make her cum, til she came met Gambino  
I aint need no introduction, im that Bone, Bone, Bone, Bone  
And I dont give a fuck what you got goin on  
I left Watts, gold Zenith tootin, while shootin my show  
Is that cocaine?  
Boo, you gotta go  
I miss her though  
Back on the ho stroll, drinkin and losin control  
Got back to Cleveland and hooked back up with Mo Mo  
Pretty young thugstress, who loved the thug shit  
And on the lo lo, I like that, even rolled the getaway  
'Cause I aint that ordinary thug, go on all about that gun play  
Soon as she popped up with a baby, drivin me crazy  
Watched her push it out, cut the cord, little Christian, love you baby

Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb

So now we havin sex again, hittin some different levels  
The babys lookin Mexican, I look at you like the devil  
My sisters only using you, cause I never abused you  
So shes doin it for me, only if you knew, boo  
And plus, she fucked Layzie, was makin eyes with Krayzie  
And old Flesh had her first, but im that one that made it work  
You can kiss my ass, hear my laugh  
Hear me now and listen later  
Anyway, im still the playa  
On the real bitch, you hurt me, if that's any consolidation  
You was just another temptation, on to the next one  
Thats enough of her  
My belt is just the way I like it  
Dont bite it and you can get it when you want to

You love the way I ate that, your girl hated that  
But dont be dumb  
I guess its too late for that

Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,

I'm cummin! Tellin me you love little Bizzy,  
God dont like ugly, and he aint too fine or pretty, is he?  
Oh, and I seent you hangin with sissies,  
All that sinnin, women with , actin feminine  
But you said he a sho' thang, that'll make him a better friend  
But then again, how could I judge?  
But they still cant kick it with the thug  
Check all the glasses, and check the toilet seat for bugs  
As soon as you passed it, I was high enough  
I aint a facist, cause I dont like to kick it with faggots  
Do yo thang, and I hope that God helps you on your quest for thangs  
Rain, rain go away, come back another day

I don't love them hos  
I don't love them hos  
And the moral of this story is don't love them hos  
If you searchin for somethin  
You searchin for a woman  
You searchin for a man  
But through your search  
You gonna come through a lot of obstacles  
A lot of twists, a lot of turns  
But you gotta be able to taste it to know what's sweet  
To know what's sour, to know what's good, to know what's bad  
But fuck all that get back to the chorus

Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....  
Don't be dumb  
Ignorance was bliss, and this is something that I won't miss,  
and this is....
