

Summer Lover

BJ Lips

I can keep a secret if you can
Baby, what ya doin' all of this weekend
'Cause I've been tryn'a keep myself controlled
But your hair is so good that I [?]
And I wanna get a little slutty
Super-soak it baby, let's get really dirty
And I've had you on my mind for a minute
So you don't need no invitation baby, come on just get it

Be my summer lover, boy
Play my heart just like a toy
Ain't it Intoxicating? I'll be right here, just waiting
Be my summer lover boy
Play my heart just like a toy
Ain't it what you've been wanting?
I just need some lovin'
Be my summer lover, boy
Play my heart just like a toy
Ain't it what you've been wanting
I'll be right here, just waiting
Be my summer lover, boy
Play my heart just like a toy
Ain't it what you've been wanting?
It's just fun

Hey boy, let's have some fun tonight
Steal some liquor and get a little drunk tonight
But I don't wanna get my heart broken in two
But it's worth it if it means being with you
Baby, let's go to the beach
Get a little wet with me
Promise no one else will see
Baby, It's just you and me
Let's go to the pool party
Get a little drunk and naughty
In my sexy pink bikini
'Cause I know that drives you crazy

Be my summer lover, boy
Play my heart just like a toy
Ain't it Intoxicating? I'll be right here, just waiting
Be my summer lover boy
Play my heart just like a toy
Ain't it what you've been wanting?
I just need some lovin'
Be my summer lover, boy
Play my heart just like a toy
Ain't it what you've been wanting
I'll be right here, just waiting
Be my summer lover boy
Play my heart just like a toy
Ain't it what you've been wanting? (Ain't it)
It's just fun

Never yours to keep (Never yours)
Yeah, I just want some fun baby (I just want some fun baby)
Never yours to keep (Never yours)

'Cause you never really meant that much to me
