

Champagne

BJ The Chicago Kid

"You've now tuned in to the best station in the world, WBJTCK, better known as 1123"

So no more champagne 'til midnight (Uh, uh)
No more champagne 'til midnight (Uh, yeah)
No more champagne 'til midnight (Uh, yeah)
Who knows what time we'll be arriving

No champagne 'til midnight
I'm about to miss the party
No more champagne 'til midnight (Yeah)
Because it got me kissin' all on your body (Woo)
I'm already twisted, got me seein' double
It's 'bout to get explicit, you gon' be in trouble, ooh

That champagne got me thinking 'bout
Cancelling plans that I made in advance
I'd rather be using my hands on your body

So no more champagne 'til midnight (Uh)
No more champagne 'til midnight
No more champagne 'til midnight (Uh)

No champagne 'til midnight (Uh)
I'm in no shape to be drivin' now (Ooh)
No more champagne 'til midnight
Who knows what time we'll be arriving
I'm looking for my pants, but I just put 'em on (Just put 'em on, yeah)
I need to take them off because I'm with the girl that I want

That champagne got me thinkin' 'bout
Cancelling plans that I made in advance
I'd rather be using my hands on you girl, yeah

So no more champagne 'til midnight (No more, no more)
No more champagne 'til midnight (No more champagne until midnight)
No more champagne 'til midnight (No more champagne until midnight)

Hey, what you gon' do? (You gon' do)
Club 'bout to close and you got your dress on (Oh)
So next time baby (No more champagne until midnight)
Yeah, it's all on you, the driver's outside
This should be a lesson
So next time, baby (No more champagne until midnight)
Friends keep telling us 'bout how we're always late (We're always late, baby)
)
And then the reservations can't compare to what's on my plate, that champagn
e

Got me thinking 'bout cancelling plans that I made in advance
I'd rather be here, yeah (Using my hands on you girl)
Using my hands on your body
Using my hands on your body
No more champagne 'til midnight (No more, champagne, baby)
(No more champagne 'til midnight, no, no)
No more champagne 'til midnight
(We can do it in the dark, turn the lights off)
