

## Type Of Day

BJ The Chicago Kid

This that backwoods  
This that top back  
Playing when you ride slow  
And even when you speeding  
It's just that type of day  
It's that wood grain, seven-lane, interstate  
Cruising type of day  
It's just that type of day

Smoking on that [?]  
Put one in the sky, I give God a high five  
Got my ride or die on my right-hand side  
It's that type of shit that I like

Good vibes when we slide it ain't no worries here  
Like WiFi we connected everywhere, say it's lit  
Keep the negativity away  
They can't touch this aura 'cause it's only for us

Hell yeah, this grabber got me grabbing all on her  
So bad she must be some nigga baby mama  
Sad the shrooms hit different when she in California  
I'm tryna make a stand, she won't give me no problems

Good vibes when we slide it ain't no worries here

This that, like D'Angelo and cruising  
Cruising with the top down  
Slow, slow, yeah

It's that wood grain, seven-lane, interstate  
Cruising type of day  
It's just that type of day, yeah
