

# Violently Happy

Björk

Since I met you  
This small town hasn't got room  
For my big feelings

Violently happy  
'Cause I love you

Violently happy  
But you're not here

Violently happy  
Come calm me down  
Before I get into trouble

I tip-toe down to the shore  
Stand by the ocean  
Make it roar at me  
And I roar back

Violently happy  
'Cause I love you

Violently happy  
But you're not there

Violently happy  
Overemotional

Violently happy  
I'll get into trouble  
Real soon  
If you don't get here  
Baby

Violently happy  
'Cause I love you

Violently happy  
I'm aiming too high

Violently happy  
It will get me into trouble  
Violently happy  
I'm driving my car  
Too fast  
With ecstatic music on

Violently happy  
I'm getting too drunk

Violently happy  
I'm daring people  
To jump off roofs with me

Only you  
Can calm me down  
I'm sitting too high

Soothe me
