

# Aeroplane

Björk

I can not live  
Peacefully without you  
For even a moment  
I miss you terribly  
When you're away

He's away  
This ain't right  
I'm alone  
I'm taking an aeroplane  
Across the world  
To follow my heart

How come out of all the people in the world  
Only one can make me complete?  
One word, one word on the phone  
Makes me happy  
One touch, but one touch directly  
Makes me ecstatic

He's away  
This ain't right  
I'm alone  
I'm taking an aeroplane  
Across the world  
To follow my heart
