

# Innocence

Björk

I once had no fears  
None at all  
And then when  
I had some

To my surprise  
I grew to like both  
Scared or brave  
Without them

The thrill of fear  
Thought I'd never admit it  
The thrill of fear  
Now greatly enjoyed with courage

When I once was  
Untouchable  
Innocence roared  
Still amazes

When I once was  
Innocent  
It's still here  
But in different places

Neurosis  
Only  
Attaches  
Itself to  
Fertile  
Ground  
Where it can flourish

The thrill of fear  
Thought I'd never admit it  
The thrill of fear  
Now greatly enjoyed with courage

When I once was  
Fearless  
Innocence roared  
Still amazes

Untouchable  
Innocence  
It's still here  
But in different places

Fear is a powerful drug  
Overcome it and  
You think that you can do  
Anything!

Should I  
Save myself  
For later  
Or generously give?

Fear of  
Losing  
Energy  
Is draining

It locks up your chest  
Shuts down the heart  
Miserly  
And stingy  
Let's open up: share!

When I once was  
Fearless  
Innocence roared  
Still amazes

Untouchable  
Innocence  
It's still here  
But in different places
