

# BELIEVE

BK THERULA

Oh oh oh, oh

Because I don't understand you  
You don't know who I am  
I didn't make plans to  
Live life in Neverland  
Don't get it twisted  
I forgive you for them bitches  
But that don't mean I forgive you tonight, oh  
Remember the first time  
I looked you in your eyes  
I don't know what I seen  
I think it's paradise  
Baby you fucked me up  
You did me wrong inside  
I don't know what it means  
Is it a love or lie?

Oh, oh

Can't believe I'm curving all these niggas tryna kick it with me, babe  
Uh, can you believe I'm curving all these niggas tryna kick it with me  
Oh oh oh (uh oh)  
Can you believe I'm curving all these niggas tryna kick it with me

Can you believe I've been withholding getting bigger  
Can you believe that all I ever wanted was to kick it with you  
When I was blinded by the lies and all the triggers  
You ease the pain until you don't  
I'm back to being bitter  
I guess that's what you call it, at least  
I had some sense to pack  
Now all this where you took  
You always think you right  
I left your ass  
I don't respect your ass  
But I will pray for your relief just like Aleve  
And all your shit I won't believe no

Oh, oh

Can't believe I'm curving all these niggas tryna kick it with me, babe  
Oh, can you believe I'm curving all these niggas tryna kick it with me  
Oh oh oh (uh oh)  
Can you believe I'm curving tryna kick it
