Huh, huh

I'm smart as fuck and that's why they want me around  
I want the top, I do not wanna be your own  
Walk in this shit, I'm staring everybody down  
You don't get it? Okay, let me break it down  
Like, in some years, I'm taking everybody crown  
You don't get it? Okay, let me break it down  
In some years, I'm taking everybody crown

Everybody crown, huh  
Everybody crown, huh

I'm smart as fuck and that's why they want me around  
I want the top, I do not wanna be your own  
Walk in this shit, I'm staring everybody down  
You don't get it? Okay, let me break it down  
Like, in some years, I'm taking everybody crown
