Huh, yeah, huh, yeah  
Huh, yeah, huh, yeah (Yeah)

Huh, yeah, huh, yeah  
Huh, yeah, huh, yeah  
Huh, yeah, huh, yeah

Who went and gassed em up  
You bitches aren't fast enough  
I'm who I really am  
I became who I always was

I became what I know what I was  
These niggas ain't know it was us  
And we pull up to your shit and your function  
You outdated like Toys R Us

You know that we be on that fuck shit  
You bitches be sniffing that dust  
You hate but you wish you was us  
You hate but you wish you was us  
You hate but you wish you was us  
You hate but you wish you was us  
You hate but you wish you was us

Aim at your head like a fitted, yeah  
These niggas be hoes  
I ride with the gang  
They keepin' the code  
Yeah, gang got a Mac 10 with 2C  
And the C's never cold  
I'm already know  
You already know

These niggas be snitchin' I know that they told  
Just like my money I could never fold  
Wear different colors I like to be bold  
We ain't gone knock we gone kick down the door  
We ain't gone knock we gone bring down that bitch  
Bust down the shipment and then make it shift  
So many pounds you would think that I lift

So free my body not in the matrix  
So free these niggas, it's not, it's a glitch  
I'm like Avatar, nigga I airbend  
I'm from the suburbs but some waterbend  
Your hoe wanna fuck so I told her firsthand  
And I know she wanna fuck cause she flirting  
She tryna hit cause I'm Rula Santan  
Said I'm a woman, I'm calling her man  
She got the ears like the bakers man  
Give her a ring like the Lakers man  
Two toned stick give her the Santan  
Feel like Rapunzel hit him with a pan  
Shot a nigga in his ear gland

You hate but you wish you was us  
You hate but you wish you was us  
You hate but you wish you was us  
You hate but you wish you was us

You hate but you wish you was us  
You hate but you wish you was us  
You hate but you wish you was us

Yea, you hate but you wish you was wit  
Huh you hate that you ain't with us
