Yeah and I'ma shit on niggas in the winter (shit)
And when I go the war, I don't surrender (bitch)
Yeah, and I don't take a freaky bitch to dinner (ho)
Ooh, I been gettin' money, you just a beginner

All that slick talkin' that gon' get yo' head cracked
All my bitches gotta walk 'til they bring some bread back
And my soldiers can't go home 'til they bring your head back
They took purple off the market but they brought the red back
I might jump up in that Maybach, just to let head back
I might run off on my plug and don't bring the bread back
I remember way back, bro I'm talkin' way back
And them pussy niggas runnin' from me like a scared cat
When you run into them pussy nigga, tell 'em I said that
You might get your son back but can't get his legs back
All that comin' on Instagram, I read that
When I get through with yo' bitch, you can get a head back
Thank you
