

BulletProof

Blac Youngsta

Bullet proof, let me tell the truth
Bullet proof, let me talk to you
You think I'm lying, then you can look that shit up
I bet they said that 100 Shots got me picked up
I'm innocent, yeah, they tryna sentence me
I came in real from the start, that's why they tryna finish me
I wouldn't never ever been charged if Young Dolph wasn't no witnesses
(Fuck nigga, lil' bitch, lil' bitch, lil' bitch!)
If Young Dolph wasn't no witnesses

This shit fucked up, they blame me for some shit I ain't do
I had to make me and my niggas bonds, and get lawyers for the whole crew
They just wanna see me rotting, they tryna do me like they did Boosie
Since I ain't join the Illuminati, they don't wanna see me blow up like Uzi
They don't wanna see a black nigga with some money, they just wanna see me losing
They done put a charge on me and I know I'm innocent, but I gotta prove it
I just pray the Lord with me and my lil' niggas when we in court
If you got love for me, can you at Young Dolph and tell him don't show up?
I'm just saying, homie
Why you give them people statements?
Why you rap about that shit, so you album would go crazy?
Niggas do anything for the album sales
Fuck everybody that say that I'll fail
They say when I die, I'ma go to Hell
You lost your bet if you bet that I'll tell

Bullet proof, let me tell the truth
Bullet proof, let me talk to you
You think I'm lying, then you can look that shit up
I bet they said that 100 Shots got me picked up
I'm innocent, yeah, they tryna sentence me
I came in real from the start, that's why they tryna finish me
I wouldn't never ever been charged if Young Dolph wasn't no witnesses
(Fuck nigga, lil' bitch, lil' bitch, lil' bitch!)
If Young Dolph wasn't no witnesses

I'm just speaking facts
I been tryna be on the right track
The judge took my life from me, I been tryna get my life back
If you fight me, I'ma fight back
If I fall off, I'ma bounce right back
I know them haters don't like that
Can somebody please copyright that?
When I pulled out from the jail, detective tricked me 'round for three hours
Don't be running up tryna play with me cause yo mamma gon' need flowers
When I go to court, I'm taking my bible
All these fuck niggas sour
I got more bitches than Austin Powers

Bullet proof, let me tell the truth
Bullet proof, let me talk to you
You think I'm lying, then you can look that shit up
I bet they said that 100 Shots got me picked up
I'm innocent, yeah, they tryna sentence me
I came in real from the start, that's why they tryna finish me
I wouldn't never ever been charged if Young Dolph wasn't no witnesses

(Fuck nigga, lil' bitch, lil' bitch, lil' bitch!)
If Young Dolph wasn't no witnesses
