

# Confuse Me

Blac Youngsta

I'm a savage, I'm a gangster  
Where I'm from them niggas bangin'  
Put holes in your baby's blanket  
I'm a savage, I'm a gangster  
We gon' cut a nigga's fingers  
If they ever tryna take stuff from me  
If you fucking with my family  
It gon get a lil bit dangerous  
I'm gon' have to come and hang you  
Go to war 'bout my lil angels  
Ain't no love for no strangers  
You know the boy ain't scared to hit 'em all

You don't love me  
You confuse me  
Always judge me  
And abuse me  
You don't love me  
You confuse me, yeah

C-M-G, I don't know why you niggas hatin' on me  
I don't know why you niggas play with me  
Like I don't keep that K on me  
I got choppers, I got missiles  
I got hitters, I won't hesitate to send 'em  
If you play with me, yeah  
Police mask, I'ma ride  
It gon' be a homicide  
I was broke, no one loved me  
Now I'm rich, they love me now  
Got the Lam doors up, got my Gucci shirt tucked  
YFMB, CMG, they can't fuck with us

I'm a savage, I'm a gangster  
Where I'm from them niggas bangin'  
Put holes in your baby's blanket  
I'm a savage, I'm a gangster  
We gon' cut a nigga's fingers  
If they ever tryna take stuff from me  
If you fucking with my family  
It gon get a lil bit dangerous  
I'm gon' have to come and hang you  
Go to war 'bout my lil angels  
Ain't no love for no strangers  
You know the boy ain't scared to hit 'em all

You don't love me  
You confuse me  
Always judge me

You don't love me girl, you don't fuck me  
Like you used to fuck me, girl you don't love me

Ups and downs, ups and downs  
Remember we was down, now we up  
No more down, remember how we  
Came up from stayin' down

Mama tell me never change up but be safe now  
I was in a Nissan I'm in a Wraith now  
Two kids, a few gears, we in state now  
We been caked so we got lawyers, we gettin' cake now  
You know it's hard to spot the real from the fake now, yeah

I'm a savage, I'm a gangster  
Where I'm from them niggas bangin'  
Put holes in your baby's blanket  
I'm a savage, I'm a gangster  
We gon' cut a nigga's fingers  
If they ever tryna take stuff from me  
If you fucking with my family  
It gon get a lil bit dangerous  
I'm gon' have to come and hang you  
Go to war 'bout my lil angels  
Ain't no love for no strangers  
You know the boy ain't scared to hit 'em all

I'm a savage, I'm a gangster  
Where I'm from them niggas bangin'  
I'm a savage, I'm a gangster  
If you ever think about takin' it
