

## Do It

Blac Youngsta

Do it, do it, take it down low (Down low)  
Felt it good, Imma throw the most (Most)  
Do it, do it, take it down low (Let's go)  
Uptown, Imma spend the most

Don't be acting shy, I ain't got patient  
All this blue faces got you naked

Do it, do it, take it down low (Down low)  
Felt it good, Imma throw the most (Most)  
Let's go

Imma spend the most, shake it go  
Drop it real low to the flow  
All that ass, all that cash  
If your friends join, I'll throw lil bit more  
Shake that ass night and day  
All that money that I had throw on the flow  
You gonna be pickin' money up all night  
Pay your bill or so (shake shake)  
Do it, do it baby  
Get to it, to it baby  
You so sexy and you so hot like some lava flued baby  
Ooh baby, ride my dick like you ride a board baby  
You can fuck me and my cock late night in the hood baby
