Momma said son don't die on me  
Know a lotta niggas tried to plot on me  
Know a lotta niggas switched sides on me  
Know a lotta niggas wanna ride on me  
Keep that 9 on the side of me  
I can't let no nigga take me  
Lord you know my family need me  
What my family gon' do without me  
I remember days with no food  
Remember wearin' same clothes to school  
I just wanna buy my momma a coupe  
You don't understand what I've been thru  
Niggas said they gon' ride for you  
Said they gon' bust five for you  
They ain't never died for themselves  
How the fuck they gon' die for you

Niggas hate on me for no reason  
I pour a 8 in a 4 liter  
This a fuck on yo' lil' hoe season  
I'm a just fuck on her for no reason  
I'm a codeine sipper pour me up  
All this purple she love in my cup  
You won't fuck me girl when I was broke  
Don't you try to fuck me 'cause I'm up  
They might be real, but they ain't real as us  
Fuckin' with me, I'm a hit you up  
Got so many bitches, I'm in love  
Lord you know I really miss my cousin  
Them lil' niggas want my life  
They tried to take off my stripes  
Feed my lil' niggas with life, Lord  
I know it ain't even right, Lord

Momma said son don't die on me

Know these niggas wanna murder me

That's why I keep that 40 close to me  
I can't trust nobody  
Can't even trust a nigga close to me  
I know if I turn my back, these little bitty niggas gon' call me out  
I remember all dem days and nights when grandma put me out  
[?] want to see it  
Lord you know I'm fightin' demons  
I'm addicted to the lean, I'm fiendin'  
If I say I love ya then I mean it  
Young nigga sittin' at arenas  
Now I'm ridin', let me get it girl
