Referee, I got the whistle  
I just pulled up in that fisker  
I just pulled up with my hitters  
Referee I got the whistle  
I got them choppers and pistols  
I got the minivan  
I might pull up with them killers  
I know my real nigga feel me  
Referee I got that whistle

I'm Margiela walkin' lil nigga  
My bitch, she be stalkin' me nigga  
Them rappers were winnin' the race  
Till I started hawkin' them niggas  
Now I'm drippin' sauce on these niggas  
Got your bitch on top of me nigga  
Made myself a boss on these niggas  
Now I'm livin' like Ross on these niggas  
Ridin' round with them K's  
Broke niggas love to hate  
When ya son turn 10  
I'm a make your son a slave  
I'm a let him cut my grass  
I'm a let him feed my maid  
I'm a do it cause his daddy  
Always used to player hate

You went to jail on a Sunday  
The charge is really bout nothin'  
Rat your homeboy's house tryna act like you ain't tell nothin'  
Sad thing about the nigga  
The nigga told on his mama  
It was a hot ass winter  
Now it's a cold ass summer

I got killers on the front line  
My young niggas need a hair line  
I can't even lie  
That was a cold ass punch line  
My bitches settin' niggas up  
They givin' me the run down  
We be waitin' till the sun down  
We be robbin' niggas sometimes
