

# Chasing You

Black Atlass

Tempt me babe  
I want to feel alive  
Don't you worry  
I've been here before and I'm alright  
I wanna tear it up  
Then get you off a thousand times  
I'll meet you downtown  
Yeah baby I'll be out all night

Chasing you  
Chasing you

Tempt me babe  
You know that you're my vice  
Tell me what you want  
You know I'll leave it all behind  
I wanna risk it all  
When I look into your eyes  
Yeah I can see myself  
Running circles in your mind

Chasing you  
Chasing you  
Chasing you (Chasing you)  
Chasing you
