

# Crystallize

Black Atlass

Can we crystallize  
Crystallize our love  
Keeping us in time  
Until we leave it all

How can I live in you forever  
Will you be there after I'm gone

Cause I might never fall in love again  
Oh so don't you keep me in the dark  
I'm trying to hold on till the end  
Oh but you keep slipping through my arms  
Oh

Crystallize our love  
Keeping us in time  
Until we leave it all

How can I live in you forever  
Will you be there after I'm gone

Cause I might never fall in love again  
Oh so don't you keep me in the dark  
I'm trying to hold on till the end  
Oh but you keep slipping through my arms  
Oh

Crystallize our love
