

Drip

Black Atlass

Got that liquor movin' for me, in my body, in my mind
Baby I can see how much you look into my eyes
Take another shot and let yourself go to the night
Let go, let go

When it gets like this
I can't help wantin' all the things we say we'll never do

So let it drip, oh-oh-oh
Yeah let it drip, oh-oh-oh, oh
So let it drip, oh-oh-oh

We met a couple of [?] and we can spend a little time
You can be on top and I'll be watchin' from aside
Wrapped around your finger, doin' everything you like
Let go, let go

When it gets like this
I can't help wantin' all the things we say we'll never do

So let it drip, oh-oh-oh
Yeah let it drip, oh-oh-oh, oh
So let it drip, oh-oh-oh

So let it drip, oh-oh-oh
Yeah let it drip, oh-oh-oh, oh
So let it drip, oh-oh-oh
