

# Intoxicated

Black Atlass

When I feel your heartbeat I follow the sound  
Your love could lift any man off the ground  
As long as we're together I am found

And I'm just lucky you're around  
I was focused on the wrong things till I saw you  
LA LA LA LA in love  
I will give you all I have to offer  
Wherever you go I will follow

Ou baby California  
Your love is so gorgeous  
And I hope I can afford you  
Don't leave me in the morning  
LA LA LA LA in love  
Intoxicated  
But I still crave you

Been burning one down got you bumping on the radio  
Yeah I can't go all night long without you  
Cause a broken heart is all I've ever known

And I'm just lucky you're around  
I was focused on the wrong things till I saw you  
LA LA LA LA in love  
I will give you all I have to offer  
Wherever you go I will follow

Ou baby California  
Your love is so gorgeous  
And I hope I can afford you  
Don't leave me in the morning  
LA LA LA LA in love  
Intoxicated  
But I still crave you

Intoxicated  
But I still crave you  
Wherever you go I will follow

Ou baby California  
Your love is so gorgeous  
And I hope I can afford you  
Don't leave me in the morning  
LA LA LA LA in love  
Intoxicated  
But I still crave you

(Intoxicated)  
(But I still crave you)
