

# Island Love

Black Atlass

Island love  
You know I  
Want that  
Island love  
You know I  
Want that  
Dance with the devil baby  
Let me feel your body all night  
Dance with the devil baby  
Let me feel your body all night  
And you ain't seen a party  
Like a warm Jamaican night  
Tropical water  
Wake you in the morning light

Oh  
Don't you hide away  
For too long  
Oh  
Don't you hide away  
For too long  
Don't you hide away  
For too long  
Come home  
Come home

Moonlight haze  
Drink with you  
All night  
Dream like days  
Orange juice and purple shades  
Island love  
You know I  
Want that  
Island love  
You know I  
Want that  
Dance with the devil baby  
Let me feel your body all night  
Dance with the devil baby  
Let me feel your body all night  
And you ain't seen a party  
Like a warm Jamaican night  
Tropical water  
Wake you in the morning light

Oh  
Don't you hide away  
For too long  
Oh  
Don't you hide away  
For too long  
Don't you hide away  
For too long  
Come home  
Come home
