

Driving down Sunset, hair rolling back and over my arms
Heart racing so fast, driver on the gas, you're by my side
And I love you, and I love you, I do, oh

What if I can never be there?
What If I would always hide?
What if you were temporary?
Looking through my mind

This is my life
This is my life
This is my life
To the day I die

Living on the edge of a dream
Living on the other side of the screen
Living on the edge of a dream
Living on the other side of the screen
Baby till the day I -

I'm flying
Two drinks in my lap in the morning light
Touching down, another place on the map, you're by my side
And I love you, and I love you, I do, oh

What if I can never be there?
What If I would always hide?
What if you were temporary?
Looking through my mind

This is my life
This is my life
This is my life
To the day I die

Living on the edge of a dream
Living on the other side of the screen
Living on the edge of a dream
Living on the other side of the screen
Baby till the day I die
