

# Never Enough

Black Atlass

Said I'm my own worst enemy  
Fake love and Hennessy

Nothing else can break me  
Like your touch  
I wanna feel you next to me  
Baby I need your energy  
Nothing else can break me  
Like your touch  
Oh

And I don't wanna hide from those eyes anymore  
No more runnin' from us

All I need is your touch  
Somehow it's never enough  
All I need is your touch  
I give you all that I've got  
It's never enough  
Oh, oh-oh, oh-oh  
Oh, oh-oh, oh-oh

Said I'm my own worst enemy  
Drownin' in my memories

Nothing else can break me  
Like your touch  
I wanna feel you next to me  
Baby I need your energy  
Nothing else can break me  
Like your touch  
Oh-oh, oh-oh

And I don't wanna hide from those eyes, anymore  
No more runnin' from us

All I need is your touch  
Somehow it's never enough  
All I need is your touch  
I give you all that I've got  
It's never enough  
Oh, oh-oh, oh-oh  
Oh, oh-oh, oh-oh  
(It's never enough)
