

Weak

Black Atlass

At the bottom of my cup
Only lookin' for your love
Watch you glisten, you my drug
Dancin', rollin', fuck it up

I don't wanna wait too long
To get your body in my arms
Yeah, we could be the perfect storm
You tell me I'm the only one

'Cause you got me weak, yeah
You got me weak
'Cause you got me weak
You got me weak

Only had you a couple times
But you're my fuckin' star
I don't wanna close my eyes
While I'm watchin' you perform
You got me doin' overtime
I'm comin' back for more
And baby don't you be surprised
If I want you in the morning (Oh, oh)

I don't wanna wait too long
To get your body in my arms
Yeah, we could be the perfect storm
You tell me I'm the only one

'Cause you got me weak, yeah
You got me weak
'Cause you got me weak
You got me weak

'Cause you got me weak, yeah
You got me weak
'Cause you got me weak
You got me weak

'Cause you got me weak, yeah
You got me weak
'Cause you got me weak
You got me weak
'Cause you got me weak
You got me weak
'Cause you got me weak
You got me weak
'Cause you got me
