

Don't Give In

Black Box

I want to tell you, don't give in...

Is he foolin' around
Well, have it out
Is he dreamin' away
Just show your face
When he lays down the law
You turn him away
If there's no other way

But if he wants to play around with you
Don't let him do it, yeah, yeah, yeah...

Are you feelin' alone
Well, get in touch
Is he still on your mind
Call him up tonight
Has he gone on his way
You have to stay
Till he comes back to you

And if he wants to play around with you
Don't let him do it, yeah, yeah, yeah...

I want to tell you, don't give in...

Is he foolin' around
Well, have it out
Is he dreamin' away
Just show your face
When he lays down the law
You turn him away
If there's no other way

But if he wants to play around with you
Don't let him do it, yeah, yeah, yeah...

But if he wants to play around with you
Don't let him do it, yeah, yeah, yeah...

I want to tell you, don't give in...
