

## So Long

Black Box

I can't remember what I found in your eyes  
Now that my dreams are slipping out of my mind  
You said you'd never want to compromise  
I just can't keep on wasting anymore time

So long, so long, so long you're is the wrong

You're only human and you can't resist  
well, it's an insult I could never forgive  
How can you tell me that I should insist  
When you just cut the ground from under my feet

So long, so long, so long you're is the wrong

I, I wanted to see a sign  
You aimed at my heart your own way  
And you tried to lead me astray  
Day by day  
I, I knew that you were untrue  
'cause you ain't got nothing to lose  
Anyway

I know you think I should retrace my steps  
But I can't do it, I'm on my own  
I said that I was free  
You never cared about that  
So please don't say that I'm destroying your life

So long, so long, so long you're is the wrong

I, I wanted to see a sign  
You aimed at my heart your own way  
And you tried to lead me astray  
Dday by day  
I, I waited for you to stay  
Even though you were goin'away  
Now you're falling on evil days  
As you say
