

# I'll Be The One There

Black Buddafly

Free as the wind  
I wanna be free like an angel  
I was so lost within  
Couldn't be myself  
And that caused failure  
Something inside  
Came and said to me  
Where is your life?  
Realization was the key  
Cause now I'm fine

I wanna fly till I see a rainbow come over me  
Fly to where the sun will follow me  
Cause "I'll Be The One There"  
Ooooo Yea

Always were the ones  
The ones who was mislead  
And left empty handed  
And that's why I so close to come  
I'm still on my way  
And the road has not ended  
But instead of keeping it all inside  
I learned how to open up  
It took a lot to go through this  
So I can sing it out loud enough

And I will fly till I see a rainbow come over me  
Fly to where the sun will follow me  
Cause "I'll Be The One There"  
Oooohh Ohh  
Yeaah Oh

I won't be scared of what is different  
And I will do anything to make them listen  
We came to far to give up now  
Talk to myself I'll make it somehow  
Cause I'll Be The One There!  
And I won't fail  
As long as I believe that I will fly

Fly until I see a rainbow come over me  
Fly to where the sun will follow me  
Cause "I'll Be The One There" (2x)

Rainbow comes yea  
Fly  
Cause I'll be the one there...
