

Keep It Casual

Black Buddafly

I don't understand why you be calling now
Tryna get back in after our falling out
Boy I don't hold a grudge, but you've done way too much
Or could it be that you're in the right
And I'm stuck up on pride, I wonder
Why I go thru the same shit with every man
It's like I'm addicted to confusion
I swear I don't get it I don't understand
And all I know is that I'm too in love

That I don't wanna seem like I do
But I would cross the ocean for you
Don't like say it but hey
I never met nobody like you
Chemistry 100%
So maybe we should try this again
Or maybe we should just keep it casual
Casual

Making fun of me cuz I be back and forth
Fuck man I don't care
I'm bad at closing doors
I swore I was done
Like midnight and the sun
There was no chance I would even glance
You way, today were hugged up
Boy I go thru the same shit
With every man
It's like I'm addicted to confusion
I swear I don't get it I don't understand
Oh and all I know is that I'm too in love

That I don't wanna seem like I do
But I would cross the ocean for you
Don't like say it but hey
I never met nobody like you
Chemistry 100%
So maybe we should try this again
Or maybe we should just keep it casual

It ain't too serious
Shouldn't be too serious

That I don't wanna seem like I do
But I would cross the ocean for you
Don't like say it but hey
I never met nobody like you
Chemistry 100%

Or maybe we should just keep it casual
