Black Buddafly

Most of the time I'm in the wrong  
I'll burn a bridge no hesitation  
I act before I think and then it's gone  
No chance to reach my destination  
I mess up what I could be mastering  
Only because I wanna do me  
But maybe it's a gift not a bad thing  
Cause I protect my peace practice my patience

And ooh all the mess ups have taught me the way to go

Here's to the  
Purest me until the end

No I ain't perfect I am flawed

But I don't wanna play pretend (never not no more)

Cuz the most beautiful is RAW  
...RAW

I used to act put on a mask  
Let niggas hit without intention  
Just for the look of "oh he got the bag"  
I must be bad got his attention  
Now I don't feel a thing if shit ain't deep  
We don't connect won't be no fuckin'  
No time for fake only the realest me  
Is what you get babe is you rockin'?

And ooh all the mess ups have taught me the way to go  
And no I can't hide again take it or leave me alone

Here's to the  
Purest me until the end

No I'm not perfect I am flawed

But I don't wanna play pretend (never not no more)

Cuz the most beautiful is RAW  
...RAW

Here's to the  
Purest me until the end

No I ain't perfect I am flawed

But I don't wanna play pretend (never not no more)
