Someone broke her
Badly hurt her
Salty, salty, salty
Too much flavor
Someone broke her
Badly hurt her
Salty, salty, salty
Too much flavor

I know you're hurting
He did you dirty
Full of love and happiness
He left you messy
You've got the message
He did not deserve you
You were sweet once before
He turned you bitter

You can do better
I'm right here with ya
Just chop and crop him till he's out the picture
Let me help you pick up all of those pieces
You're better off without him

Someone broke her
Badly hurt her
Salty, salty, salty
Too much flavor
Someone broke her
Badly hurt her
Salty, salty, salty
Too much flavor

Tellaman oh
Make up your mind the same way you beat your face
I want all you have to give, not just a taste
I got enough drip to wash your pain away
Your heart and mine same BPM in the scale
The feeling is mutual, baby, don't fight it
Don't fight it, don't fight it
They don't like it when we united
Yeah, yeah
Screaming, heavy breathing when I'm inside it
Inside it, inside it
Kill the pain when we in the silence

I can't change her
I can't save her
Broken, she's so broken
She needs fixing

Someone broke her
Badly hurt her
Salty, salty, salty
(Why you spicy? Why you salty now?)
Too much flavor

Someone broke her
(Someone broke her)
Badly hurt her
Salty, salty, salty

Too much flavor
(Too much, too much)
Too much flavor
(Too much, too much)
Too much flavor
(Too much, yeah, too much, yeah, too much)
Salty, salty, salty
Too much flavor
(Too much, yeah)

Too much flavor
Too much flavor
